Replication Report For Lin et. al. (2020)

Date

Last editted: Oct 8 2023

Files

1. **class_function.ipynb**
2. **ZI_default.ipynb**
3. **ZI_large_comp.ipynb**
4. **ZI_small.ipynb**

Output Folder

1. simulation_output

Instruction

1. Run files 2 to 4 to generate the ZI simulation results in this report for the default setting, large markets, and small markets, respectively.
2. To save the simulation result, enter 1 when asked whether to save the result. Otherwise, answer 0.
